

KVADAR I KOCKA

strane, bridovi i vrhovi

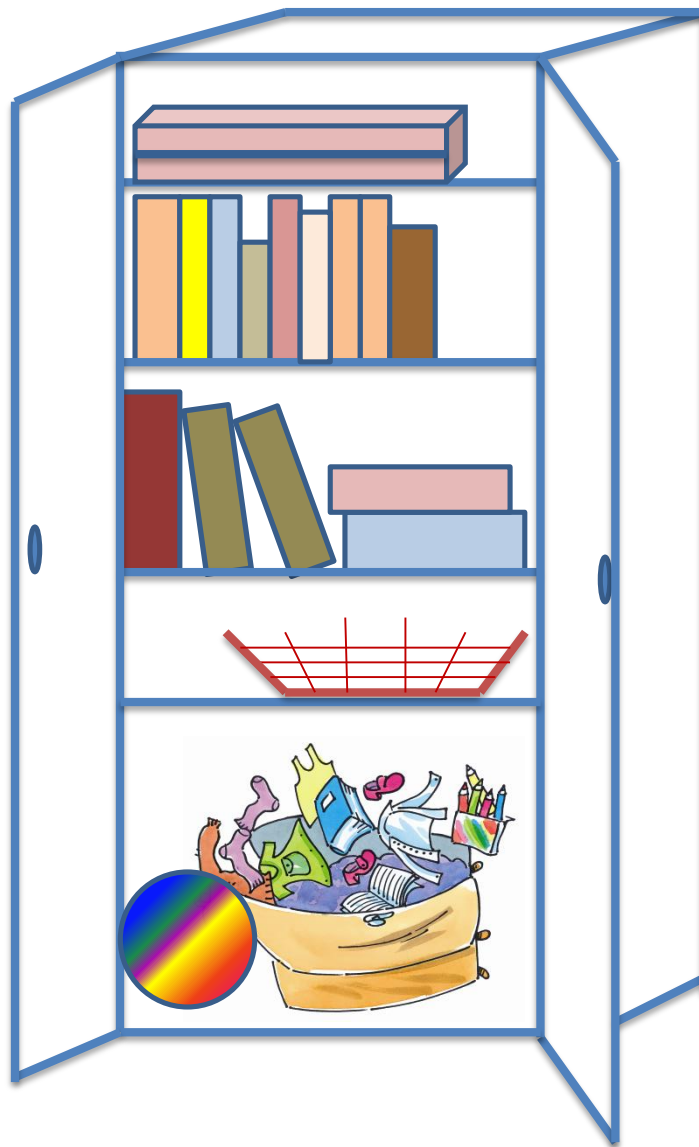

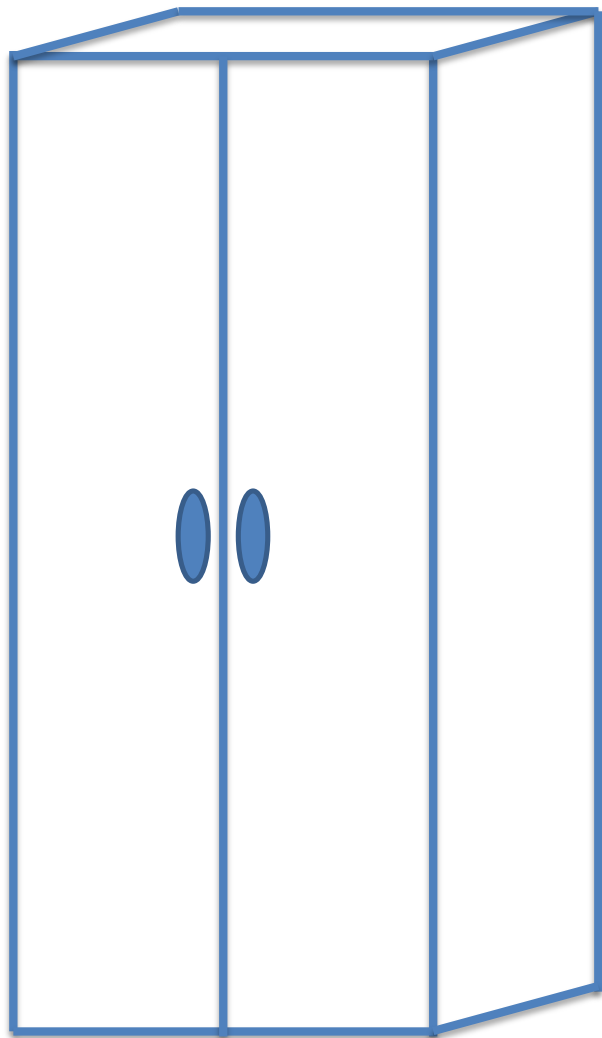

**Ključni pojmovi: kvadar, kocka, strane,
bridovi i vrhovi**

Cilj sata: upoznati kvadar i kocku

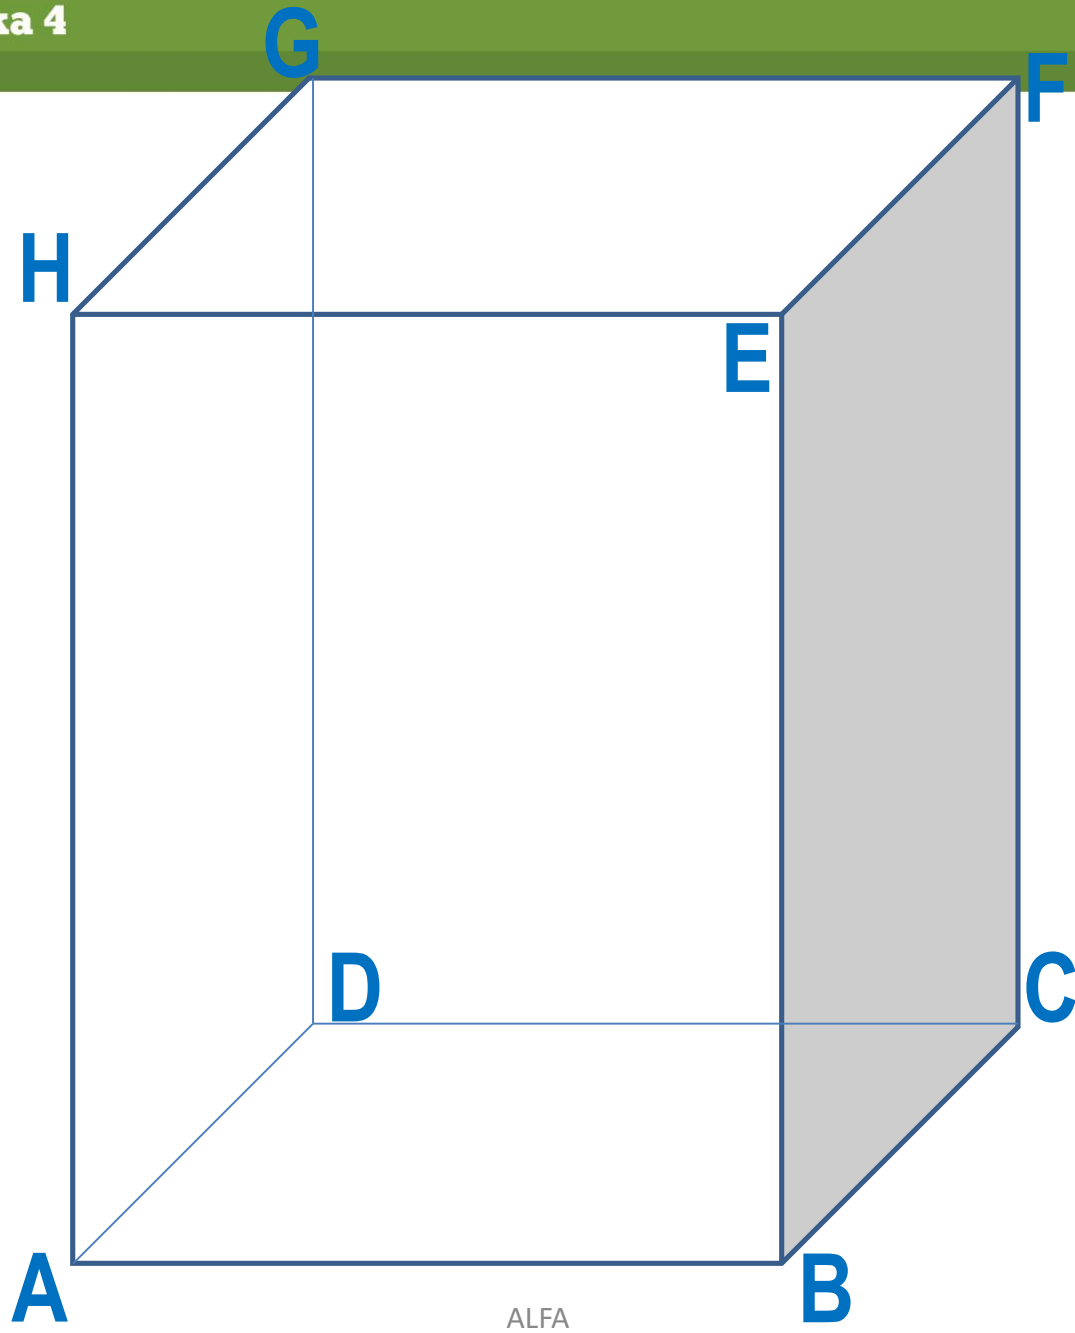

Nabroji koja si do sada geometrijska tijela
upoznao / upoznala?

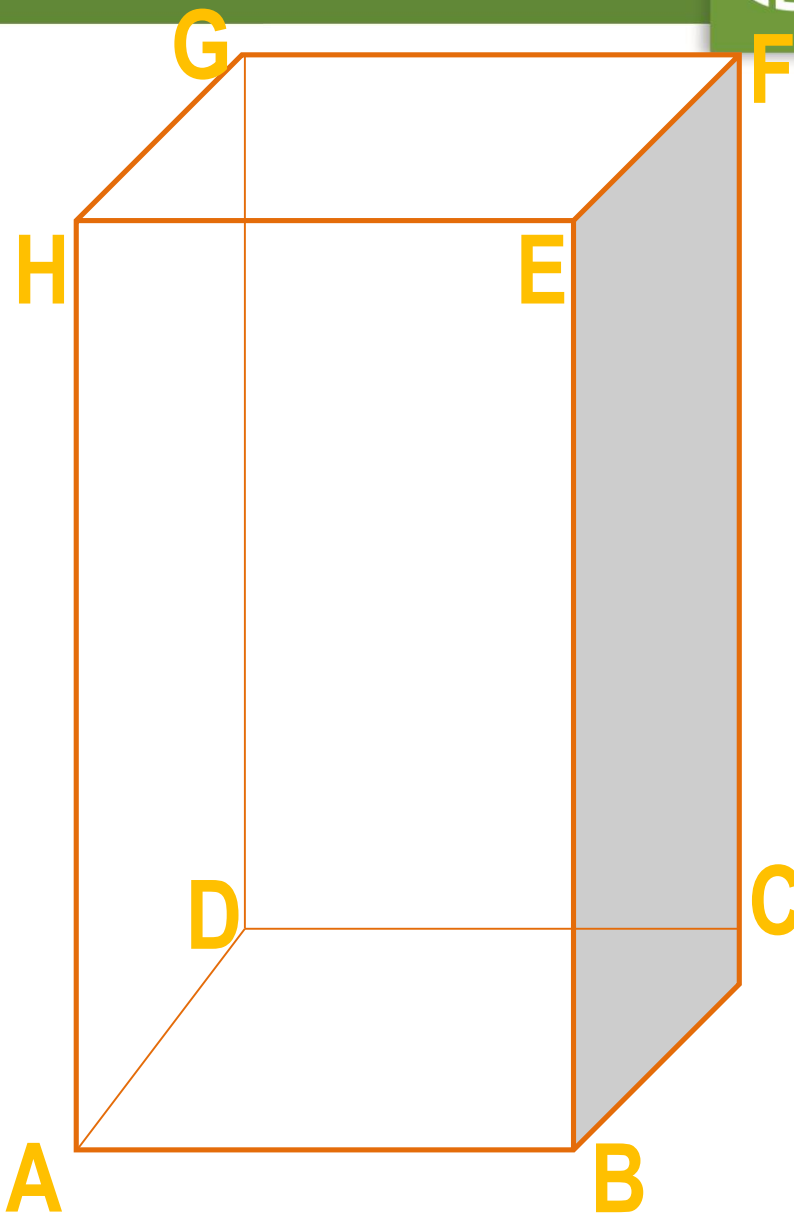

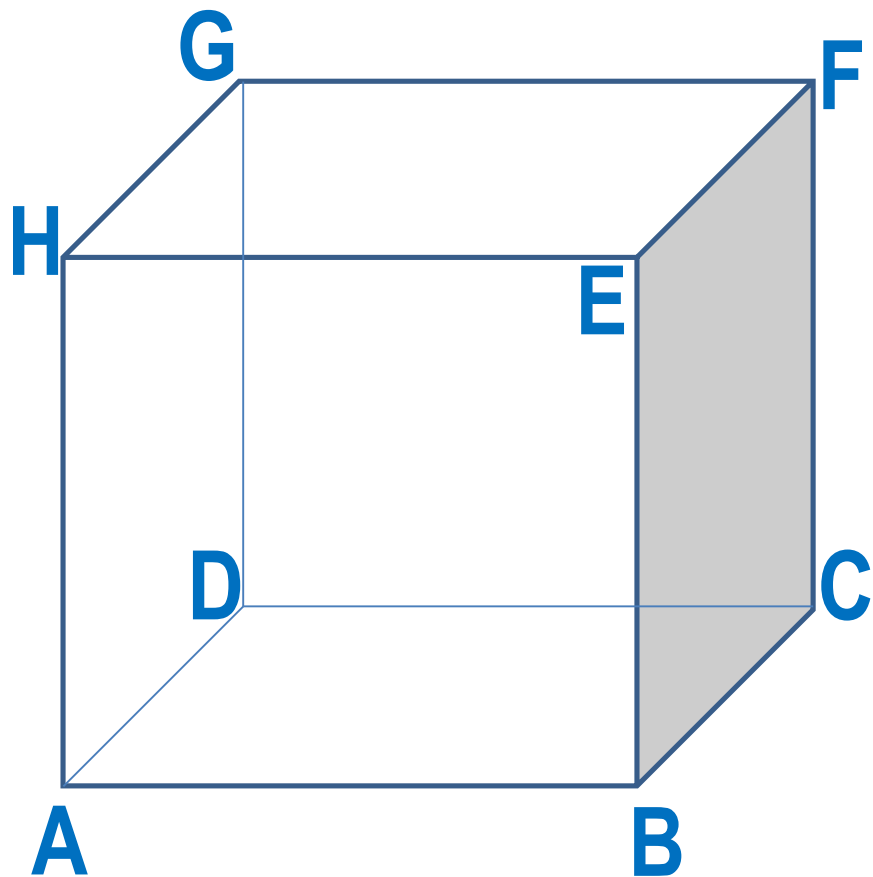

**Koje predmete u obliku tih geometrijskih
tijela uočavaš u učionici?**

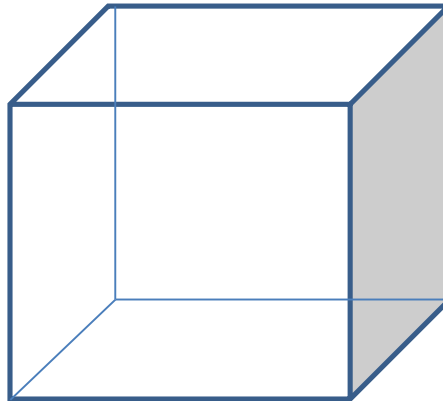

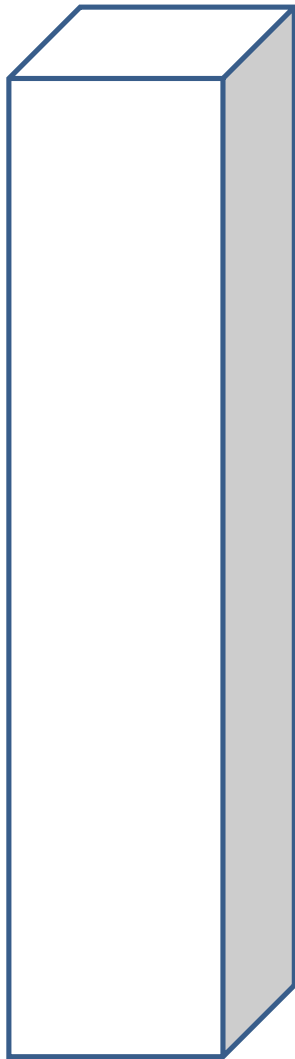

KVADAR je geometrijsko **tijelo**,
tj. **prostor** omeđen sa
6 strana, 12 bridova i 8 vrhova.

**KOCKA je kvadar čiji su svi bridovi i
plohe jednake duljine.**

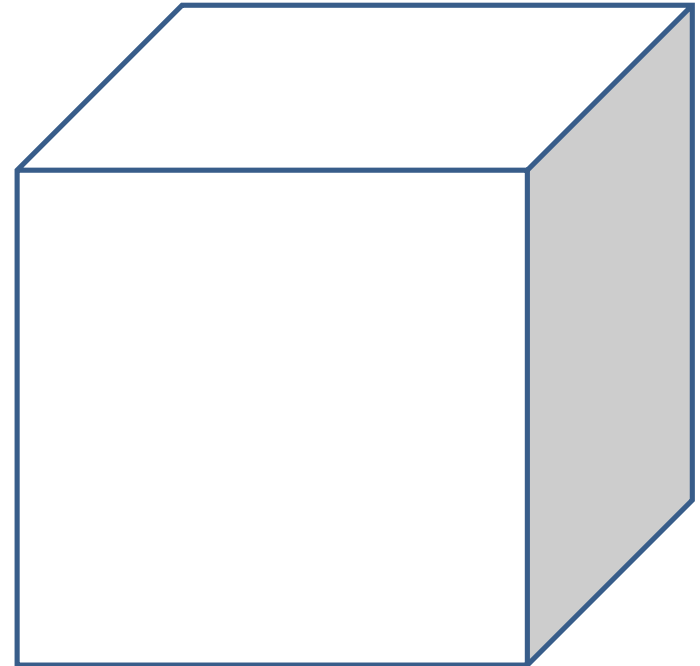

S koliko strana je omeđen kvadar?

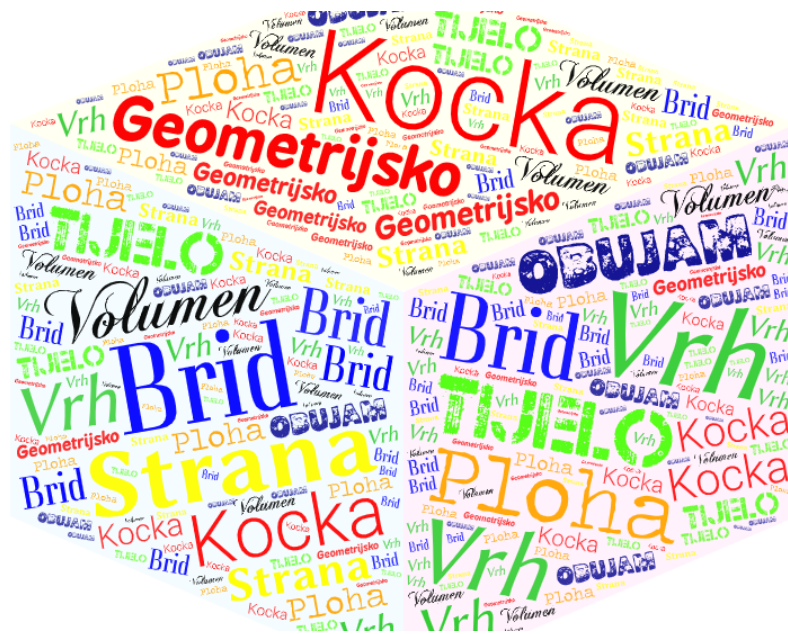

S koliko bridova je omeđen kvadar?

Koliko vrhova ima kvadar?

Što kvadar i kocka imaju isto ili zajedničko?

Što kvadar i kocka imaju različito?

DZ 1. Nacrtajte u geometrijsku bilježnicu nekoliko kocaka različitih veličina i boja.

DZ 2. Nacrtajte nekoliko predmeta oblika kocke iz svojeg okruženja.
