

Hi!

My name is Ela. I am a 14 year old girl from Bol,
a small place on the island Brač, Croatia.

It has one of the most beautiful beaches in the
world, Zlatni rat. I've lived here my whole life and I
wouldn't want it any other way.

My hobbies are sketching, reading and listening to music. I also like baking for my family and friends in my free time.

I consider myself an outgoing person and I'm always happy to meet new people.

I've recently joined the Erasmus + program and I'm looking forward to new challenges and adventures.
